# iSense®

## Touch free Intelligent Faucet

iSense - the most advanced sensing faucet system

Completely Touch Free

The world's most advanced faucet featuring  
iSense Touch free Intelligent Faucet

— Just like magic® —

iSense system includes the Touch-free Intelligent Faucet (TIF) and control box.  
The control box is the brain of our faucets and it is what makes our product truly innovative.  
All parts are integrated into a compact box and can be placed anywhere underneath the sink.

# Features of iSense Touch Free Intelligent Faucet (TIF)

1. Sense C for intermittent flow.
2. Sense A & B start and stop continuous water flow.
3. Sense D & E to save as default.

 Infrared Sensor activation zone

1. Innovative & intelligent iSense® - touch free technology provides an easy to use, convenient, and unique faucet experience.
2. Simple, Clean, Stylish Design - no handles or buttons to operate. Experience a new way of food preparation and clean-up reducing exposure to bacteria.
3. Beyond your expectations - 5 proximity sensors (hands-free) combine to make everyday tasks easier.
4. Full water temperature and water flow control without touching the faucet.
5. Personalized settings - three user-defined water temperature and flow settings for personal convenience.
6. Backup battery for continuous use during electric power outage.
7. Maximum temperature setting for ADA compliance. No scalding risk for any age (Children, the elderly, and the disabled).
8. Single hole mount for less counter clutter and easy installation.
9. Solid brass construction for durability.
10. PVD coating features an easy-to-clean surface which is more durable and resistant to corrosion (Not available in all models).
