K2002 ISENSE KITCHEN FAUCET

THE K2002 ISENSE KITCHEN FAUCET has five strategically placed infrared sensors and 13 functions. The stylish, pull-out faucet helps create a more sanitary cooking environment. Users are able to control activation, water flow and temperature all without touching the faucet. Three user-defined settings are available for personalized convenience. It is offered in a polished nickel or brushed nickel finish and is constructed of solid brass. Designed for a single-hole mount, the faucet is ADA-compliant and WaterSense certified.
